How does iBuyAZ.com protect children's privacy?

ask a parent for permission before sending personal information to anyone online. iBuyAZ.com does not share personal information about users under the age of 13 with third parties and we do not sell or rent personal information about any of our users, regardless of age. In addition, iBuyAZ.com will not send any direct email offers to users who indicate they are under the age of 13. As a result of the new Children's Online Privacy Protection Act (COPPA) in the United States, we are required to prohibit children under 13 who reside in the U.S. from using any of the features of our site that require them to submit information via forms. This is due to the onerous reporting and verification requirements that this new law places on web sites that allow children under 13 to submit information via forms. Since we do not have the large, dedicated staff that would be necessary to comply with these requirements, our only option in order to remain in compliance with the law is to prohibit all children under 13 who reside in the U.S. from posting any information via forms on our web site. Therefore, children under 13 who reside in the U.S. should not submit any information via forms on our web site, and if you submit such information, you warrant that you are either over the age of 13 or not located in the U.S. and thus not subject to COPPA.
